

Zevi Rubin

c. 802-299-5447- zevirc@gmail.com - 148 Gentian Drive, Wakefield, RI 02879

Innovative design specialist in multi purpose drones, with experience in engineering, creation and practical application of UAV concepts. Dynamic Problem solver; Critical Thinker

Objective

The objective of this resumé is to successfully provide an overview of my educational, occupational, volunteer, and design experience.

Education

Wheaton College, Norton, Mass. (Sept. 2011-Currenty Enrolled)

I will get my BA in Computer Science in 2016. I am the president of the Computer Science themed house on campus, and the president of the Computer Science club. I also a the lead student director in charge of the Wheaton College Whale makerspace, and organize and help students use the schools Epilog laser cutter. I work with the Film and New Media studies department as well as the Communications department to get aerial video and still photography.

Occupational Experience

Data Visualization Research, Norton, Mass. (May 2015- September 2015)

I worked with the head of the Computer Science department over the summer on visualizing ranked, time-series data using graphic displays and a clustering display. The majority of the work was replicating a Flash Action Script version using Javascript and HTML5.

LIS Tech Support Student Manager, Norton, Mass. (Sept 2011- Current)

I hold the senior most student position in the college tech support department. I have vast experience with basic computer functionality and trouble shooting as well as proficiency with Filemaker Pro, Deep Freeze, and bulk computer imaging.

Volunteer Experience

Bristol County Training Recon

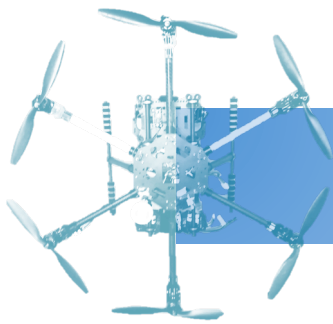

I have had the opportunity to accompany the Norton Fire Department to a number of training exercises and scenarios to provide aerial inspection and recon. Video footage of some training scenarios can be found on my YouTube channel.

The objective of this resumé is to successfully provide an overview of my educational, occupational, volunteer, and design experience.

Education

Wheaton College, Norton, Mass. (Sept. 2011-Currenty Enrolled)

This is where information about wheaton college should go, it should go right here. If you were to ask about where the wheaton college information would go I would have to inform you that it is directly under the education bar and that this is where it lives. I would also tell you about the degree I am paying and working hard to achieve.

Occupational Experience

Job Number 2, Norton, Mass. (Sept 2013- Current PT/FT)

This is where information about your second job should go, if you were to ask me where it should go I would tell you that it would look nice right here. This is where it works.

Job Number 1, Norton, Mass. (Sept 2011- June 2013)

This is where information about your first job should go, if you were to ask me where it should go I would tell you that it would look nice right here. This is where it works.

Volunteer Experience

Volunteer Position Number 2

This is a spot where I can tell you about the time that I taught little kids all about drone utilization in a way that the could understand and by doing so furthering and empowering the next generation of creators and innovators.
